Type: **Discussion**

Report From: **Public Works**

Introduction

Staff will present information related to the current status of the Village's lead service line inventory. The final inventory is required to be submitted to the Illinois IEPA by April 15, 2024. The IEPA also requires the Village to develop and submit an initial service line replacement plan in early 2024 with a final plan by 2027. Staff is seeking input from the Committee related to the Village's preference on funding that will be the basis of creating this response plan.
